## GUIDE TO YOUR

# ASTROLOGY SYNASTRY CHART

## What is Synastry?

Synastry is essentially the astrology of relationships. Synastry provides valuable insights about the relationship between two people.

## How does Synastry work?

A synastry chart is cast by comparing the positions of person A's planets and other important markers to Person B's planets and other important markers. For example I can compare the relationship of each other's moons and assess, astrologically speaking, if they're in a favorable configuration. As we go along and compare more and more of the matched astrological aspects we gain a clearer picture of the relationships blueprint.

## Can Synastry predict how "compatible" I am with someone?

Many people come to astrologers looking to see if they're "compatible" with someone, allowing superficial sun sign comparison to determine the efficacy of a relationship. Synastry is a much more nuanced process than that. This report is not predicting the determined path of your relationship, nor is it telling you which path you should walk. We are merely the surveyors mapping out the terrain of your relationship.

A relationship that is astrologically great on paper does not in reality automatically paint the perfect relationship. Ultimately there are multiple variables that exist when two people come together. You carry your past experiences, social background, education which when mingled with someone else's life baggage can result in an endless amount of outcomes.

The benefit of a Synastry chart is showcasing a better perspective of the relationship, showcasing its individual qualities and potential it possess. At the end of the day, the future of your relationship is still and always will be determined by you.

A guide like this can empower you to more consciously create in your life. Have fun with it! I hope this serves you the most on your journey.

With Neptune's dreamy energies present in the relationship, be cautious of making your happiness in an idealized version of your partner. A healthy approach would be to self-reflect and ask the following questions to yourself: Am I allowing my partner to be themselves? If you can practice unconditional love, you'll find reality to be greater than any fantasy you've ever pondered before.
